### CH-3 SHARING IS FUN

#### (SUMMARY)

Sharing is a way of helping others by giving, to bring smile in their faces.

In this story, students of class 2 are going to visit a zoo for a picnic. They all are excited to go and they go by bus along with their teacher. As the bus starts moving all the children began to clap and started singing.

They reach the zoo by ten o'clock. The teacher takes care of all the children and take them inside. The children saw different animals like: monkeys, chimpanzees, tigers and several kinds of birds. Then at 12 o'clock it was lunch time. All the students have a variety of dishes in their tiffin boxes. The teacher has brought a big cake for all the students. In the meanwhile, a student Akash looks sad and he started crying as he was not having the tiffin to eat anything. As all came to know this, all the children shared their lunch with him. Akash could have a variety of food now which proves that **sharing is so much fun**. After lunch students rest for a while and then they played some games. And finally take a ride on a toy train. All the students have enjoyed and had fun and then went back home happily singing and laughing by bus at 4 o'clock.

**Note:** Dear students, kindly note down the following in your notebook.
