

CLASS IV

BE SWEET (POLITENESS)

“Politeness is an inexpensive way of making friends”

Remember: “A sweet tongue, simple words and polite speech can even win over the enemies.”

IMPORTANCE OF POLITENESS:

- *Being polite teaches many things in life.*
- *Politeness means righteousness and such a righteousness will take us to the pinnacle of glory.*
- *Discipline always matters.*
- *Sweet tongue can change devils into angels.*

A polite person is always a good person. There is no doubt that a humble person becomes the center of attraction in any place. When we are polite people like to talk with us. So the outcome of anything we do totally depends on our attitude.

Children our third lesson is all about politeness. Always be very humble and polite while talking to your elders in any place wherever you go.
