

**Words of Wisdom**

Man is the best  
creation of God  
on this earth.

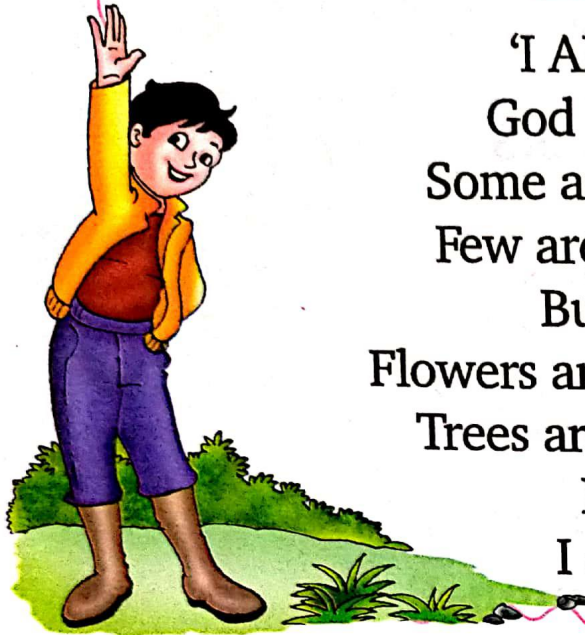

We see many beautiful things on the earth. We see pretty flowers, nice fruits, beautiful birds and animals.

This wonderful world is God's gift to man. God has made us all. God gave us eyes to see beautiful things. He gave us ears to hear music. He gave us hands to work and help others. He gave us legs to walk, and lips to talk.

God has made our world very interesting. God is very kind to all of us. We should be thankful to Him for giving us a life full of joy.

## Let us say

'I AM THE BEST OF ALL'  
God has made many things,  
Some are big and some are small,  
Few are short and others are tall,  
But I am the best of all.  
Flowers are lovely but they cannot talk,  
Trees are tall but they cannot walk,  
I can talk, I can run,  
I can have a lot of fun.
