## **ENVIRONMENT EDUCATION**

It is a part of the day-to-day lessons and activities being taken up while teaching or as part of some special day. Since last year due to the pandemic, various online activities like debate video presentations slogan writing posters extra work done by the students on various environment related themes/ topics. The school encourages student's participation in plantation of herbal as well as fruit trees every year on the World Environment Day, i.e. 5<sup>th</sup> June. Every Saturday is an activity day for all the students of classes LKG to I. The environment education is carried on through the eco clubs which involve students performing Environment protection and preservation related activities. Students are discouraged the uses of polythene plastic bags are not allowed in the school. The School has provision of segregation of water at source and recycling and proper discharge of waste. The school believes in using energy saving electrical equipments. School has a green look with a lot of plantation around.

## **SPORTS ACHIEVEMENTS**

The physical and mental well-being is of prime importance. When students are physically fit they will achieve more academically. Games and sports develop a sense of friendliness among students and also build their team spirit. It helps them to develop mental and physical toughness. Bearing this in mind, the school provides ample opportunities for students to perform regular exercise and yoga and to play and perform their mettle in various sports and games. At St. Aloysius School Gaur we ensure that students participate in playing activities and so a games period is defined in the time table. Various outdoor and indoor sports equipments are available for students to play with. Some of our students have also represented the school at state level handball. Students have been at home since 2020, but our school didn't stop. We could provide them fitness through online classes via Google Meet.

## **OVERALL ACTIVITIES**

Competitions and academic activities that go beyond the textbooks and the classrooms encourage and foster a health and competitive spirit and effective communication skills in the students. The activities are conducted at the school level, class level and inter house level. Various activities like speech, song, dance,

GK quiz, debates, and so on are conducted. Art integration learning along with value based education is emphasized for the self-development and personality development of the students. It aims to inculcate values like honesty, gratitude, kindness, etc. The students have won accolades in various examinations like Olympiads and GK foundations.

### **PARENT-TEACHER ACTIVITIES**

A meeting of parents with the teachers is held on a regular basis mostly before and after the examinations. The teacher gives feedback to the parents and parents to share their experience. Parents who wish to seek a separate meeting are met with accordingly. At the end of each PTM, the discussion is taken up with the members of the SMC.

### **ONLINE STUDY DURING PANDEMIC**

The nationwide lockdown following the covid-19 pandemic has led to a burst of activity with online education. The covid-19 has resulted in school closed all across the world. As a result, education has changed dramatically, at the distinctive rise of e-learning, when the normal teaching mode is undertaken by the digital platforms. Apart from academics, students are given various extracurricular activities such as drawing, singing, physical fitness, PPT presentations, just a minutes speech etc. The videos made by students are uploaded in the school YouTube channel and the Facebook page. Apart from these activities, our school has been celebrating the national days, special days, cultural programs on Children's Day, Hindi diwas, Investiture ceremony, etc.

### **IMPORTANT SMC DECISIONS**

SMC meetings are held twice a year, which is headed by the manager and the principal of our school. Some decisions that are taken up are as follows:

1. Finalisation of books for the students
2. Bettering of students performance
3. Safety and security of students and staff
4. Infrastructural development
